Chairman's Chat - June 2024

A huge thank you to everyone who came along to the coffee morning that Pat and I organised at home last month for Macmillan Caring Locally - I hope everyone enjoyed themselves.

Special mention to the ladies who came along with cakes, Ursula, Helen and Louise for acting as chief catering marshals, to Daryl and Roger who prised money out of everyone when they arrived and to those who made a special effort to attend, such as John Roantree who is recovering from a broken hip.

I was very flattered by the praise that I received for my gardening skills and sorry but, no, I do not have the time to take on other people's gardens.

The hours that Pat and others spent baking proved very productive and as you will see in my report later in this newsletter we made the wonderful sum of £330 for the charity - they have been most appreciative.

Pat and I will be supporting them again at their Summer Fete and on their Anniversary Day later in the year.

ROMANCE AND SCANDAL

I hope that those who attended last month's meeting enjoyed the talk given by Hattie Miles (who also came along to the coffee morning) highlighting famous love affairs with a local connection. Did you spot that the two lovers who featured in last month's issue of this newsletter were a very young JRR Tolkien (he of Lords of the Rings fame) and his wife Edith.

It seems that Bournemouth gets both the romantic and literary juices flowing.

BOOK NOW FOR ATHELHAMPTON

Our big event of the year, our annual Garden Party and Picnic at Athelhampton House on Sunday 18 August is getting closer and now is the time to start booking your entry - the fee has been held at £10 per person - see me for details.

As well as displaying your MG, I shall also be looking for volunteers to help with the front of house arrivals desk (being overseen this year by Colin Sexton), the rear lawn parking (co-ordinated by Alasdair Wellwood) and manning the various fund-raising stalls.

Please let me know if you will be available to help - the more people who volunteer the less work each individual will be required to do.

And don't forget we always need contributions by way of items suitable for the tombola.

ON THE ROAD WITH 1020

Our next seasonal club outing is the Summer Road Run on Sunday 28 July which is being organised by Adrian Mullins and includes a treasure hunt and picnic lunch - entry forms will be available at club night or can be found on the 1020 website.

Weather permitting it should be a pleasant way to spend a summer afternoon especially in a classic MG with the top down.

Our Autumn Run is now booked for Sunday 20 October and heads west towards the Purbecks with a roast lunch being arranged at the Thimble Inn at Piddlehinton near Dorchester. Les and Jackie Cherrett have taken on the organisation of this to help spread the load among committee members - however we are always looking for offers of help from other club members.

If you think you know some less travelled roads in the region and would be prepared to give up a bit of time to help plan an interesting road route, our Road Runs Co-ordinator Adrian Mullins would love to hear from you.

It is not an onerous task and Adrian can guide you through the process and even offer suggestions on lunch venues. The more people we get to volunteer the more variety and interest we can put into the road runs.

Chris Adamson

June Club Night - Wildlife Photography

This month's club meeting on Monday 03 June - starting promptly at 7.30pm - will include an illustrated talk by award-winning wildlife photographer David Bailey.

Based in Dorset he travels the UK photographing and working with wildlife projects (his speciality is the brown hare) - some of his work is featured in the BBC's online Wildlife Magazine.

He has appeared on the BBC's Springwatch programme, ITV's Coast and Country, BBC South Today and on the Rhys Jones Wildlife Patrol

David was awarded the Brand Laureate International Personality Award in 2016, was the winner in the 2011 Welsh Wildlife Photographic Awards and a finalist in the 2014 European Wildlife Awards.

He has written several books including Wildlife Wanderer released in March 2017 and Wildlife Wanderings in 2020. He has also contributed articles to The Countryman magazine, Blackmore Vale magazine and Dorset Magazine.

As well as the presentation, the evening will include details on all forthcoming club activities and the ever popular raffle - prizes for which are always welcome.

Book now for Summer Road Run & Picnic

Our next 1020 seasonal outing is the Summer Road Run on Sunday 28 July which is being planned by Adrian Mullins and will include a Treasure Hunt to keep everyone busy.

The starting point will be Hamworthy Sports Club (cars asked to depart by 10.30am at the latest) from where they will set out on a 45 mile route with fiendish clues to find along the way.

The finish venue will be Damerham Village Hall near Fordingbridge where we will be providing a picnic lunch for everyone including sandwiches, pork pies, crisps, hot and cold drinks and a dessert - dietary requirements can be accommodated. Everyone is free to bring along additional drinks.

Entry fee is £5 per car plus £5 per person for the picnic.

Details and entry forms are available from Pip Bonner at club nights or via email: pip@1020mg.org.uk

Alternatively an entry form can be found on the diary page of the club website www.1020mg.org.uk

Mid-month pub meeting and meal

The June mid-month 1020 pub meeting and evening meal will take place on Wednesday 12 June at the Three Legged Cross pub, Ringwood Road, Wimborne BH21 6RE.

The thatched pub was previously a large working farmhouse, sitting within an 83-acre estate - today the pub-restaurant maintains the look of the original building and features a large car park and ornamental gardens.

The menu features hearty favourites and country pub classics, as well as seasonal dishes, while the bar offers cask ales, fine wines and British gin to suit every taste.

Those planning to attend are asked to pre-select their menu choices (the menu is on the club website diary page) or is available from Pip and Ursula Bonner at email: pip@1020mg.org.uk

There is no advance payment or deposit required, it will be pay on the night.

Cars (MGs preferred but not compulsory) are asked to arrive at 6pm when the pre-ordered meals will be available.

Names and menu selections to Pip and Ursula Bonner by Wednesday 05 June at the latest.

Early notice that the July mid-month pub meeting will be at the Avon Causeway on Wednesday 17 July.

Sign-up for the River Cruise and BBQ

Places are still available for the Bournemouth & Poole MGOC River Cruise and BBQ on Saturday 03 August - already there has been a big show of interest in this summer social.

Participants will be gathering at Tuckton Tea Gardens overlooking the River Stour at 6pm for a 6.30pm departure on one of the Bournemouth Boating Services classic touring boats (there is a roof if the weather is inclement).

There is plenty of free on-street parking in the vicinity and a pay car park close by (with WC facilities). It is hoped to have a mobile bar on site so that people can purchase drinks prior to the boat trip and on our return.

The hour-long cruise will travel down the Stour towards Christchurch Harbour passing locations such as the Captain's Club, Christchurch Quay and Christchurch's famous Priory before returning to Tuckton for the BBQ.

We will have exclusive use of the Tuckton Tea Gardens café (with optional indoor seating) where a variety of burgers, chicken, sausages etc will be cooked and served along with a large selection of salads and accompaniments.

The club will be funding a glass of wine or soft drink for everyone - in addition you can bring your own beverages (wine, beer etc) of choice. Ice cream, tea and coffee will be available to purchase on the day.

The cost for the cruise and BBQ is £35 per person.

Booking forms are available from Chris Adamson of via email: chris@1020mg.org.uk

Braemore Car Show - club display

Committee members Les and Jackie Cherrett will be organising the club display at the Braemore Car Show held at Braemore House near Fordingbridge on Sunday 11 August.

Static displays will feature over 400 classic and collectible vehicles as well as a show arena hosting competitions.

Vehicles due on display include classic saloons, sports, American, modified, kit and custom, commercial, military and classic motorcycles.

As well as cars and motorcycles, the event features a selection of food outlets, shopping stalls, a DJ playing '50s, '60s and '70s hits all day, and children's entertainment.

Vehicles must arrive between 8am and 10am and be in place between 10am and 4pm when the public are in attendance.

There is no entry to the show field for exhibitors after 10am so ensure you get there early.

A team of judges will be selecting class and club winners from the assembled display cars with an award ceremony taking place in the arena at 3pm.

Those planning to take part will need to either book a place in advance on-line at a cost of £4 per car, or pay on the day when the price is £5.

Please let Les and Jackie know so that they can arrange sufficient space for club cars to be parked together.

Email: les@1020mg.org.uk

More details about the show and ticket purchases can be found at: <https://www.classicmotorevents.com>

Places still available for Westival 2024

Places can still be booked for the club stand at the 2024 Westival Show at West Moors which takes place on Saturday 13 July at Fryers Field (exhibitor entrance is from Bond Avenue).

The main advantages of the show for club members are that it is free to enter and that you don't have to be on site until 11.30am which means a relaxed start to the day. It opens to the public between 12 noon and 4pm.

Attractions include a variety of over 60 stalls featuring crafts, local produce, local charities and local businesses, live music, ferret racing, bike stunts, fairground rides, children's entertainment and a selection of catering with a choice of pizza, burgers, a hog roast, crepes, doughnuts, ice cream and a bar.

The car show element is open to MGs of all ages (we are one of the local clubs who are regulars at Westival).

Entry forms are now available from Chris Adamson at club nights or can be requested via email: chris@1020mg.org.uk and can also be downloaded from the diary page of the club website.

Invitation to the 2024 British Motor Show

Club members are being given the opportunity to display their car at the British Motor Show (15-18 August) - thanks to our friends at Winchester MG Owners Club.

They have been given an outdoor display area at the four-day show at Farnborough in Hampshire and are looking for other MG owners to help them fill the space (which is for six cars each day).

Cars must be in place no later than 8:30am every morning and can only move once the show is closed at approximately 6:30pm. There is no cost to take part and being one of the exhibition cars gives the driver and one passenger free admission to the whole show.

If you are interested contact Winchester MGOC Area Secretary Steve Favell on email: stevenfavell@btinternet.com

St Leonards and St Ives Fun Day

Club members are being invited to take their classic MGs along to the Fun Day at St Leonards and St Ives Village Hall and Recreation Ground at Braeside Road on Sunday 09 June.

The informal event is open to anyone with a classic vehicle who is welcome to come along and take part - cars are asked to be on-site by 11am but can leave at any time. The show is open to the public from 12noon until 4pm.

Club members Ian and Sandra Dorney are taking part and are involved in the organisation of the day so would love to see fellow 1020 members join them.

The day features various stalls, live music, food stalls, a bar and Pimm's tent, children's entertainment, garden games and a tombola.

Proceeds are going to the village hall management fund.

South Down Run - new start venue

West Sussex MG Owners Club will be holding their 34th annual South Downs Run on Sunday 01 September - this year the event starts from a new venue, the Southdowns Gliding Club at Cootham near Storrington.

The route will meander along the lee of the South Downs reaching the finish point at the Western Lawns on the seafront at Eastbourne. There are numerous pubs and coffee locations all along the route making this an opportunity to enjoy the whole outing at a leisurely pace to suit your mood.

Welcoming participants at Eastbourne will be 'The Boulevards' rock and roll band playing a mixture of '50s and '60s music to give your arrival its deserved ambience.

The entry fee is £25 per car and includes a numbered rally plate and comprehensive route instructions.

Full information on the event as well as the entry details and an entry form for the South Downs Run can be found on the website: www.wsmgoc.co.uk

More details email: southdownsrn@gmail.com

Verwood Rustic Fayre

Pip and Ursula Bonner have volunteered to organise a short convoy run for those planning to take part in the popular Verwood Rustic Fayre on the August Bank Holiday Monday.

The organisers - Verwood Rotary Club - have changed the arrangements for vehicle displays at Potterne Park this year and are now no longer offering individual club display spaces at a set fee. Instead, they will be charging individual owners £7 per car (including two occupants) which must be booked in advance and then parking cars as they arrive - hence the need to arrive together as a club group.

Entry forms and details can be found at:

www.rotary-ribi.org/clubs/homepage.php?ClubID=1659

Those interested in taking part would have to assemble locally beforehand at a set time (likely to be around 11am) so that club cars can drive in convoy and arrive and be parked together before the 11.30am closing time, prior to the show opening to the public at 11.45am. Cars would then be required to stay on site until 4.30pm.

Pip and Ursula can supply advance booking information either at club night or via email: pip@1020mg.org.uk

1020 ANNUAL GARDEN PARTY & PICNIC

Athelhampton House, near Dorchester
SUNDAY 18 AUGUST 2024

Gates Open 10am

Tombola, Wine Draw, Name the Dog, Jigsaws

Advance tickets £10 per person / £12 per person on the day

(includes access to the event and the gardens

discounted entry to the house with event programme)

More details on the Athelhampton page on the website:

www.1020mg.org.uk

Entry forms available from : chris@1020mg.org.uk

MG at the Goodwood Festival of Speed

MG will take centre stage at this year's Goodwood Festival of Speed from the 11-14 of July. The famous British marque will be in pole position on the front lawn of Goodwood House to celebrate the centenary of the iconic motoring brand.

MG's highly anticipated, Cyberster EV roadster (due here this summer) will headline Gerry Judah's annual sculptural masterpiece which will be kept under wraps until the sell-out event opens next month.

The Duke of Richmond, founder of the Festival of Speed, said: "Following the world debut of the striking Cyberster at the 2023 Festival of Speed, we are delighted that MG is returning to Goodwood this year to celebrate their centenary in style with their first Central Feature.

"It is set to be a fitting tribute to the first 100 years of one of Britain's oldest and most popular manufacturers, which has enjoyed a long association with Goodwood.

"MGs were almost ever-present at the circuit from 1948-1966, and before that, my grandfather ran the MG team in the 1930s, winning the famous Double-Twelve Hour Race at Brooklands in 1931.

"He was fascinated by their light weight, simplicity and clever engineering - characteristics which still underpin the brand today. MG's 100-year history combined with their continuous drive for innovation, aligns perfectly with this year's 'Horseless to Hybrid' theme, which recognises the advances in technology and power that have shaped motorsport over the last 130 years."

As well as being front-of-house, MG will also return to the famous hill climb in 2024 and the company will announce further debuts destined for the Festival of Speed nearer the time.

The Cyberster is now available to order with the first UK deliveries planned for August this year.

The single motor Cyberster Trophy is available from £54,995 and features signature scissor doors as well as a fully electric fabric hood which can be opened or closed in as little as 15 seconds at speeds up to 30mph.

The Trophy delivers power figures of 340PS (250kW) with maximum torque confirmed at 350 lb ft (475 Nm). The 0-62mph sprint is completed in just 5.0 seconds.

The £59,995 Cyberster GT will be the marque's new flagship, and the most powerful production model in MG's 100-year history with no less than 503PS (375kW) and 725Nm (535 lb ft) of torque. The dual-motor, all-wheel-drive GT is capable of sprinting from 0-62mph in 3.2 seconds.

More details about MGs involvement in the festival will be released ahead of the event. Tickets for the world's largest automotive garden party are available from: www.goodwood.com

MGs at Exbury Gardens

Several 1020 club members took up the invitation to join fellow MG enthusiasts from the Winchester MGOC on their visit to Exbury Gardens in the New Forest last month.

Among them was John Goode in his MGC GT - here is his report on the day.

'Our group of 19 cars met at the Coach and Horses at Cadnam for a 10:30 start. Of course, it then started to rain.

Organiser John Wheeler led us on a short trip through the south-east section of the New Forest to Beaulieu and then on to our destination, Exbury Gardens. At this time of year, the gardens are spectacular with masses of multi-coloured azaleas and rhododendrons. They are not small bushes but tall overhanging trees in glorious splendour.

The gardens are quite extensive, with good signposts and a necessary map handed out upon arrival.

To the west, it meets the Beaulieu river with views across to Bucklers Hard and lovely yachts anchored here and there: very pastoral.

To the east, the gardens have a narrow-gauge railway. Of course, most of us booked on the 13.30 train.

So, something for everyone: lovely flowers for the gardeners amongst us; a railway for the mechanically minded. Plus, there was a restaurant, a gift shop, a garden shop, another café and novelty bridges, water cascades and tinkling brooks. A great day out, good company plus some very good-looking cars. What more could you want?'

Photos John Goode and Terry Trickett

Macmillan Caring Locally Coffee Morning

A big thank you to everyone who came along to the Macmillan Caring Locally Coffee Morning that Area Secretary Chris Adamson and Membership Secretary Patricia Lodge hosted.

The weather gods came through and gave us the best day of the bank holiday weekend and everyone was able to enjoy the sunshine and walk around the garden or feed the fish.

Sales of the cakes and hot drinks raised a magnificent £330 for the charity and in addition more money was taken in merchandise by Macmillan Caring Locally volunteer Julia Finch who was making her debut as a fundraiser for the charity.

Especial thanks to those who brought along cakes and to club members Ursula Bonner and Helen Hurt and friend Louise Hayward who assisted Pat throughout, serving up the coffee and cakes, and washing-up.

Our next event with the charity is the Macmillan Caring Locally Summer Fete which is being staged at Christchurch Hospital on Saturday 15 June running from 12noon until 3pm.

We have already filled the six car spaces we have been allocated but others are more than welcome to come along and visit us on our stand and spend some money at the event.

The day features raffles, games, stalls, food stands, displays by the police and fire brigade and a classic car show.

As Golden Partners with the charity we have also been invited to attend a 50th anniversary Big Birthday Bash at Tuckton Tea Gardens on Friday 26 July. The event runs from 12noon until 8pm and you may drop in at any time or stay all day.

The day features a BBQ and bar (pay for what you order on the day), music, games, and a raffle.

To help with catering, anyone from the club who plans to attend is asked to let Chris Adamson know in advance so that he can advise the organisers on likely numbers.

MGs at Beaulieu Autojumble

MGs were spotted in many guises at the Beaulieu Spring Autojumble - Chris Adamson picks some of those he spotted.

This British Racing Green MGF (see right) with highly appropriate MGF plate was found unexpectedly on the Wolseley Register stand.

A bright yellow 2001 MGF Trophy (middle right) was looking for a new home in the Motormart and carried an optimistic £5,500 price tag.

This clean and tidy MGB Roadster (below) looked like worth taking a punt on at £5,995.

If you were looking for a project one of these three rather tired MGs (below right) were awaiting you on this MG specialist stand in the autojumble.

This very clean and immaculately presented MGC (below bottom) was parked in the classic car display area.

MG4 gets top Used EV award

MG's all-electric MG4, has been named the 'Best Used EV' at the 2024 Automotive Management (AM) Awards.

Voted for by AM readers and an expert automotive industry judging panel, the award recognises the MG4's excellent performance, reliability and strong residual value since the car was launched in MG's home market in 2022.

Tim Rose, Editor of Automotive Management, said: "Right from the outset, the MG4 impressed both automotive professionals and consumers as an enjoyable to drive, competitively priced and generously equipped EV hatchback.

"Now it is proving to be a very credible and attractive option for UK motorists seeking to purchase a used EV and doing much to support automotive retailers at an important time for the motor industry."

The MG4 has achieved over 30,000 UK sales and the line-up includes the SE, SE Long Range, Trophy Long Range and Trophy Extended Range which can deliver up to 323 miles of driving range on one charge.

Classic cars at Lulworth Castle

A small contingent of club cars ventured west into the Purbecks last month to take part in the Lulworth Castle Annual Car Show organised by the Dorset Blind Association - among them was Eddie Milligan (pictured) who writes this report . . .

'The 250 exhibitors arrived between 9am and 10am when we collected our welcome pack, which had a number telling you where you were to park - we were also given coffee and bacon roll vouchers prior to moving in convoy to the display areas in front of Lulworth Castle.

The cars on display varied from old classic cars to modern powerful sports cars. There were several stands selling a variety of wares, plus several food outlets.

There were also several singers and entertainers including Bournemouth Carnival Band dressed as Spidermen and women.

The weather was glorious and the crowds came out in their masses and we enjoyed visiting the castle and had a cream tea before leaving.

It is a shame more club members didn't attend - it's a great show and the weather was wonderful.'

SWVA Classic Auction results

A trio of cars from the collection of 1020 club member Patrick Havill who died last year, all found new owners at the most recent South Western Vehicle Auctions classic sale.

These included Patrick's Metallic Almond Green 1951 MG TD which he re-acquired in February 2019, having previously owned the car in the late 1950s and early 1960s and in which, in 1962, he won his first motorsport speed event.

It easily exceeded its modest guide price of £8,000 to £9,000 and went for a more realistic but still competitive £13,200 before buyer's premium.

Also from Patrick's collection, his 1988 Caterham 7 Race Car also topped its reserve to make £12,100, while his 2004 Ferrari 360 Spider finished in Ferrari Rosso was one of the star lots of the day easily exceeding its £50,000 reserve and going up to £59,000.

MG Midgets were to be found in abundance at the sale headlined by a 1972 example in the ever-popular Blaze Red that started out with a punchy estimate of £6,500-£7,500 and despite failing to reach its guide price sold for £5,000.

An early 1964 square wheel arch British Racing Green Midget made £3,500 while a late chrome bumper 1973 Midget in red went higher at £4,100 and a 1972 Midget in less fashionable bronze yellow was a surprise at £4,500.

By comparison a clean looking Damask Red 1974 Midget that was previously bought in September 2004 for £4,300 slipped to a knock-down £3,600.

A pair of MGB Roadsters also appeared in the catalogue with a clean looking 1971 MGB version in ever popular flame red with wire wheels finding a new owner for just £5,100, while a pull-handle 1965 Roadster in British Racing Green did slightly better at £6,750.

The cheapest MG on the day was a 2002 MGF in silver with nearly 60,000 miles on the clock which went for a hammer price of £1,000 while an imported 1939 MG TA Sports failed to reach its £20,000 reserve.

The next classic auction is on Thursday 25 July.

Carpenters Arms evening

The first 1020 mid-month pub meeting and dinner took place last month at the Carpenters Arms at Bransgore on the edge of the New Forest.

Several members arrived in their MGs and were rewarded with a sunny evening to appreciate the drive out into the forest.

A total of 23 people sat down to eat in a specially reserved dining room and once again the food and service was universally praised. Thanks to Colin Sexton for organising the evening.

This month's pub meal is on Wednesday 12 June at the Three Legged Cross - full details elsewhere in this newsletter.

TOOLS FOR SALE

IN AID OF CLUB CHARITIES

Club member Keith Jones is offering a number of surplus tools for members to make offers on with proceeds going to the club charities.

The items are:

Torque wrench

One Man Brake and Clutch Bleeding kit

Pair of wheel chocks

Beaulieu close-up photo exhibition

Feats of personal endeavour, endurance and achievement are brought into high-definition focus in a new exhibition at the National Motor Museum that showcases the hyper-detailed photography of Rick Guest.

This can now be found in the In Focus Gallery on the lower level of the museum and replaces the previous exhibition which featured photographs of notable people in the story of MG.

Known for his precision photographs of objects in close-up, Rick's images allow the viewer to see aspects of an object not normally visible to the human eye - this includes the patina created by time which creates a powerful sense of history and a direct connection with those who once owned the objects.

Having previously worked on large-scale projects for famous brand names such as Hugo Boss, Ferrari and Nike, Rick was commissioned by the museum to create oversized photographs of items from their

extensive archive to create the new exhibition which is titled 'Closer To The Edge'.

Among the items given the close-up treatment are: the Helbros gold-plated watch presented to Major Henry Segrave after becoming the first man to reach over 200 miles an hour on Daytona Beach in 1927.

Also the motorcycle and grand prix racer Mike Hailwood's 1960s cork-lined motorcycle crash helmet, and the goggles worn by Percy Lambert, the first person to drive a car 100 miles in an hour.

Also in the spotlight are a piece of the tail fin from one of the record-breaking Blue Bird cars of Malcolm Campbell featuring the union flag and the glove worn by Peter Collins when he finished second for Ferrari in the 1956 Mille Miglia.

These are supplemented by objects from private collections that include seven-time world champion Lewis Hamilton's 2020 Formula One steering wheel, the fighter pilot style helmet worn by Andy Green when he set the current supersonic World Land Speed Record of 763.035mph in 1997, and the Alfa Romeo badge from the car in which Tazio Nuvolari won the 1935 German Grand Prix.

Closer To The Edge - Precision Photography by Rick Guest will be on display in the museum until mid-September and is included in the general admission price to Beaulieu.

Jurassic Coast Trek

The fitter and more active club members might be interested in taking part in a one-day, 30 kilometre walk along Dorset's Jurassic coastline to help raise funds for one of our supported charities - Macmillan Caring Locally.

This is an exclusive Golden Partners challenge on Saturday 19 October and begins in picturesque Lulworth Cove before heading east along this geologically important stretch of coastline walking along rugged cliff tops, secluded bays and along the Kimmeridge Ledges heading for the finishing point which is at Swanage.

Whilst the distance alone would make this a tough challenge, the nature of the undulating terrain will have you ascending over 1400m, greater than climbing to the summit of Ben Nevis, along the dramatic coastline of this UNESCO World Heritage site.

Entry fee is £155 per person and everyone is also asked to raise an additional minimum of £170 in additional sponsorship.

The fee includes: all safety due diligence, risk assessment, emergency management, Public liability insurance, area to support fitness training, fundraising, clothing, and equipment, personalised online fundraising pages (automatically created), event manager, qualified, experienced and first aid trained leaders, support vehicles, packed lunch, engraved medal, personalised completion certificate, transport from Swanage back to the start if required, and a Macmillan Caring Locally vest and T-shirt.

To sign-up contact Barry Wilson - Events & Media Manager, Macmillan Caring Locally
email: barry@macmillanlocal.org
